Annual Report 2025

Letter from the CEO

2025 was our strongest year yet. Revenue grew 31% to 208 crore rupees, driven by our subscription business and eleven new cafés. We now run 64 cafés across 9 cities.

Our Bengaluru roastery doubled its capacity to 40 tonnes a month, and we signed direct-trade contracts with 120 farms in Chikmagalur and the Nilgiris.

In 2026 we will open our first cafés outside India, in Dubai and Singapore, and launch a ready-to-drink cold brew range.

Ananya Rao, Chief Executive Officer

Revenue by region

Region	2024 (crore)	2025 (crore)	Growth
South	71	92	30%
West	43	58	35%
North	30	41	37%
East	15	17	13%
Total	**159**	**208**	**31%**

The South region remains our largest market. The East region grew slowest because two cafés in Kolkata were closed for renovation for most of the year.

Outlook for 2026

International expansion. Our first international cafés will open in Dubai in June 2026 and in Singapore in October 2026. Each will be run by a local franchise partner.

Sustainability. By the end of 2026, all cafés will use compostable cups, and the roastery will run on 70% solar power.

New products. A ready-to-drink cold brew range in three flavours will launch in April 2026, sold in cafés and supermarkets.

People. We plan to hire 400 new baristas and open a barista training academy in Pune.
